#TIBET MATTERS

@DossierTibet:

#Tibet: #China destroys second revered #Tibetan statue. The confirmation of the removal of the statue of Maitreya, believed by #Buddhists to be a #Buddha appearing in a future age, follows the destruction of a 99-foot-tall statue 900 meters (2,700 feet) away.

@JamieMetzl:

In light of abuses in #Xinjiang & #Tibet, the crackdown in #HongKong, the #COVID19 coverup, etc. it's not fair for govts who purportedly care abt human rights to force our Olympic athletes to alone carry the banner of humanity. We must all speak up before the @Beijing2022 games.

@Benedictrogers:

But further interviews with @wuerkaixi and @nuryturkel to come, and further chapters on #Tibet #HongKong #Taiwan, forced organ harvesting, #CCP relations with #Myanmar/#Burma and #NorthKorea, and the international community's response, still to come/

@JulesStuer:

They need to be tempered in other countries and even in their own country by #NATO and #Interpol. We need to fortify #Taiwan and we need a new base in #Tibet and the @DalaiLama needs to be able to go back home so he can uncover his treasures. @POTUS #Executiveorders needed!!!!!!!
